

**PARENTAL APPROVAL FORM**

Undersigned,....., I agree my under aged child, ..... to take part in the “crawling-climbing” caving tour in the unbuilt parts of Pál-völgyi-Mátyás-hegyi cave on ..... year ..... month ..... day. The route of the tour can be safely walked-crawled-climbed through observing the directions of the tour guide. There are no artificial **buildings, helping devices** in the cave with the exception of one ladder.

I give my child closed shoes that can be muddy and comfortable clothing. The necessary safety equipment (helmet, overall) and headlamps are provided by the organizers. The clothing under the overall can become slightly dirty.

My child does not have any disease or disability that could limit his/her movement or that could be dangerous for him/her during the tour. If medication is needed by my child (e.g. asthma-spray), it has to be with him/her during the tour and he/she has to inform the tour guide about it.
